Design & Performance | 22ft Platinum In-Shore Pontoon Boats

Our 22ft Platinum In-Shore Pontoon Boats have been designed to be aesthetically pleasing, comfortable and very smooth on the water. Check out our Youtube channel for product video which showcases this amazing boat. For strength and durability, we build this tri-hull Pontoon Boat with 5052 Marine Grade Aluminium which has very high corrosion resistance. There are also two fully retractable Bimini's overhead so that either shade part of or the entire boat. We offer an array of exterior colour choices so even the most discerning customer will be satisfied. In fact, we can manufacture to any colour on the RAL colour chart.

Colour Options

PPB White

PPB Platinum

PPB Sky Blue

PPB Deep Blue

PPB Black

Internals

Our 22ft Platinum In-Shore Pontoon Boats have superior internal fittings and features including seating for up to 12 passengers with 4 x sofas and a day bed, in-built MP3 player with Bluetooth, 4 x marine speakers, cup holders, an upfront table, a sports drive chair and console. For added convenience, we include standard a toilet, pop-up change room, sink with retractable shower head tap and 50ltr water tank & pump.

Upgrade Options & Motors

We use Mercury motors exclusively on our boats. The motor on the 22ft is 90hp standard but upgradeable to 115hp. Check out our Youtube channel to see how both perform.

At the time of order, you can also add Hull Antifouling (Protection) as an option. This is recommended if your boat stays in water.

Trailer

Designed for the 22ft Platinum In-Shore Pontoon Boat, our Hot Dip Galvanised Trailer meets Australian Standards
